PVC WINDOWS VP 80 PLATINUM DESIGN

Narrow PVC profiles with a futuristic shape and award-winning design, providing more light.

Three circumferential seals.

The depth of the window sash is 80 mm.

Frame installation depth 76 mm.

Double-chamber glazing unit 4/18/4/18/4
 $U_g = 0.5 \text{ W/m}^2$, optional: safety glass, toughened, sound-absorbing, glass with swisspacer.

6-chamber technology:
excellent thermal insulation
to reduce heating costs.

Profiles with straight lines and award-winning design. The windows look like aluminum joinery.

An environmentally friendly choice.

Multi-point locking fittings with a special ROTOSILK anti-corrosion coating, equipped with an anti-burglary catch, a tilt lock, a blockade of incorrect handle position and micro-ventilation, optionally concealed DESIGNO fittings, RC1 and RC2 class anti-burglary fittings.

Window handle and hinge covers in various styles and colors
